

CAT5e

SFTP PATCH CABLE

As a perfect solution for small business use or home use for wireless (PTP & CPE) devices BlueStorm produced a new special products with low cost and with very good specifications, It is like a unique solution among all the products on the market, It has achieved unparalleled success and has spread to the markets.

Features

- Easy to lay and use at homes and other locations
- Available in two different standard lengths
- Heat resistant and bad weather conditions
- Booted ends to protect the connector
- Suitable for power over Ethernet applications
- 8-position shielded modular plug (RJ45)
- High speed data transfer
- ISO/IEC 11801: 2002
- ANSI/TIA/EIA-568-B

Application

- Voice
- ISDN: Basic & Primary Access
- Token Ring: 4/16/100 Mbps
- Ethernet: 10BASE-T; Fast Ethernet: 100BASE-TX/T2/T4
- Broadband video

Specification

- Plug insertion durability: ≥ 750 mating cycles
- Cable to plug tensile strength: ≥ 89 N
- Plug insulation resistance: ≥ 500 M Ω
- Plug contact resistance: ≤ 10 M Ω
- Plug DC resistance: $\leq 0.1\Omega$
- Plug current rating: ≥ 1.5 A
- Plug dielectric withstanding voltage: ≥ 1 KV RMS
- Cable diameter: 6.2 mm \pm 0.2mm
- Cable conductor: 24 AWG solid CCA wire
- Cable sheath: PE
- Plug/ boot material: Plug flame retardant plastic, boot PVC
- Operating temperature range: -30°C to 50° C

BS-OSFTP5-20M

20 meter SFTP outdoor patch cable comes with additional SFTP patch cable of 1.5 meter long .

BS-OSFTP5-30M

30 meter SFTP outdoor patch cable comes with additional SFTP patch cable of 1.5 meter long .

ISO/IEC 11801
